Studio Sitting
Information

Individual, Family & Children Portrait Policy

Creating Studio Portraits

At the time of your portrait session a **\$25.00 sitting fee** is due. This is non-refundable, it is a payment for the time the photographer has spent creating your portraits. A typical sitting will result in 6 to 10 proofs for your viewing.

Additional Charges

\$10.00 fee per each additional grouping
\$10.00 fee per change of clothing, includes a different background at no additional cost.

Preparation for Your Sitting

The standard sitting includes one background with no change of clothes. Two or three arrangements may possibly be created to give you a different grouping along with the various expressions. This depends on the amount of people and cooperation of the small children to be photographed. In large family portraits with adult children, who also have spouses and their own children our standard sitting would most likely include one grouping. If the desire to have each adult child's family photographed separately and the grandchildren with the grandparents, of course more time needs reserved. This must be discussed in advanced and additional sitting fees will be charged. With a typical father, mother and children sitting, the children may be photographed individually, all together or both. The parents often like to take the opportunity of having just the two of them photographed also. Our studio is very flexible please feel free to ask about the various ways we may accommodate you needs, we will be certain to keep you informed of any additional charges.

Viewing Your Proofs

The proofs catalog is the copyrighted property of the studio and only our studio may legally produce images from them in any medium (traditional prints, digital prints, etc.) The proof catalog is available to be on loan to you for a deposit equal to its value.

The deposit is either completely applied to your portrait purchase or completely refunded if no purchases are made. The refund of your deposit is under the conditions that the proof catalog is returned within 14 days and is in the same condition as when you received it. Any damage will result in the studio pro rating your refund to accommodate our losses.

Ordering Your Portraits

The prices of the studio packages are based on the entire packages being printed from one pose. However, a second pose may be selected and worked into your package at an additional cost of \$15.00 per package. The second pose must be used in entire portrait size units. Example: if the package you have purchased contains "3-8x10 portraits" all 3 must still be of your first or second pose. They may not be divided between your first and second pose selections. All orders must be placed in person, no phone orders are accepted. All proofs must be returned when placing order.
